## TECHNICAL PROJECTS

### Personal Portfolio Website — Personal Portfolio Website

- Employed Figma to design the website's layout, with attention paid to visual components, color choices, and typography.
- Referenced Figma mockups to guide the creation of a responsive and scalable website, utilizing HTML, CSS, JS, and PHP to ensure a smooth user experience across all devices.
- Deployed on Amazon Web Services to ensure reliable, fast, and secure access for visitors from around the world

### Pomtodo — Web Application Aimed To Enhance Daily Productivity By Fusing A Pomodoro Timer And A To-Do List

- Crafted a web application featuring a timer component with start/stop and reset functionality, interval tracking, state-shifting options, and a task list section with an input form for adding new tasks and filtering existing tasks, and a list of all tasks using HTML and CSS.
- Utilized JavaScript to administer application logic and functionalities such as starting & stopping the countdown timer, updating interval display, initiating break periods, and rendering state transitions to the DOM. Additionally, implemented full CRUD operations allowing users to create new tasks, display them in real-time, select & update existing tasks, and delete task from list.

### Weather Application — An application that retrieves real-time weather information by city name or zip code

- Developed an weather app that integrates OpenWeather's API to fetch real-time weather data based on user input of city name.
- Designed a user-friendly interface that displays current weather information including current temperature, description of weather condition, and a 5-day forecast with high and low temperature for each day.
- Applied JavaScript to handle user input, fetch API data, and render the information dynamically onto the web page in a concise and easily understandable format.

## EDUCATION & CERTIFICATIONS

University of California, Riverside

— B.A in Media and Cultural Studies, Minor in Film Studies

Meta Front-End Developer Certification

— Completed March 2023

Google UX Design Certification

— Completion April 2023

## WORK EXPERIENCE

Trader Joe's — Pasadena, CA

Nov 2017 - Current

- Collaborate with team members to provide exceptional customer service and maintain a welcoming environment for shoppers.
- Utilize in-depth knowledge of product offerings to assist customers in selecting the best items to meet their needs, while also ensuring adequate inventory levels are maintained.
- Ensure efficient and accurate stocking and maintenance of product displays to maximize sales and minimize waste, while adhering to safety and sanitation guidelines to guarantee a clean and organized store.

Modern Eyes Optometry — Pasadena, CA

Aug 2014 - Nov 2017

- Adeptly manages administrative tasks such as appointment scheduling, insurance verification, and maintaining accurate patient records, ensuring that the office runs smoothly and efficiently.
- Expertly performs preliminary eye exams and assists with eyewear selection and fitting, utilizing exceptional communication skills to provide a superior level of customer service to all patients.
